DETAILED ACTION

1. The instant application is a REI of 09/428,576 (US 6,271,323). New claims 16-45 have been added. Claims 1-45 are pending.

Non-Compliance

2. The reissue oath/declaration filed with this application is defective because it fails to identify at least one error which is relied upon to support the reissue application. See 37 CFR 1.175(a)(1) and MPEP § 1414. A new declaration is needed.
3. The preliminary amendment filed February 12, 2004 is not in proper format. Reissue practice only allows brackets and underlining – no strike through. All newly added material needs to be underlined. See reissue guide and MPEP 1400 for details.
4. In view of the non-compliance, claims 1-45 are objected until the corrections have been made.
